In response to the situation with significant overnight snow falling on the course for stage 2 which has not only posed difficulties ensuring rider safety in the passage and with possibility of freezing. This is in addition to the lack of access by cars to the technical / feed zones in the interest of safety we have had no choice but to alter today's stage as follows :

Event will be a time trial format as per stage 1 using a modified version that adds about an additional 5 minutes of route.

Start of the Stage will be at 2 :30 pm in the same location as Stage 1.

The course will be remarked and will be open for inspection / training at 11 :00 am

Start order for the time trial will be as per the result for yesterday's stage 1
